

Explanation of MAPGA Player of the Year Points Race

Points are awarded for individual play, match and stroke, but not for team tournaments.

The only Chapter tournaments that are POY tournaments are the Chapter Championships.

Points are awarded to everyone who “finishes” a tournament. For match play, this means the person either played a match or completed a qualifying round in attempting to get to match play. In stroke play this means the person turned in an acceptable score card for all rounds before any cut. This means, for example, a person completing 36 holes in the Professional Championship will receive points even if he/she did not make the cut.

The number of points awarded is determined by a formula using the number of players in the tournament, a multiplier, and the relative finish of the player (1st, 2nd, 5th, 10th, etc.). The multiplier is an arbitrary number determined by the Tournament Committee before the start of the season for each tournament. In an effort to make the point values for each tournament known before the season begins, the number of players is either standardized or based on a four year running average. If a tournament is open to everyone in the Section, it will use the four year average. If a tournament is not open to everyone in the Section (e.g. the Chapter Championships), it uses a standardized field size. This is to keep a level playing field for everyone in the Section. As in the case of the Chapter Championships it therefore does not matter the actual field size, each winner will receive the same amount of points regardless of the Chapter. With the addition of the Stroke Play Championship in 2019 (open to all players), there will no longer be points awarded for the Assistant Professional Championship, Head Professional Championship and Teaching Professional Championship. **EXCEPTIONS:** While the State Opens are open to everyone, all but the Maryland Women’s Open will use standardized field sizes and a person will only receive points from either Maryland or Virginia (based on best finish). The Professional Championship, Women’s Championship, and the Senior Championship, while not open to everyone, will use the four year averages. The least amount of points awarded per person at the Professional Championship will be 5 points.

For each tournament points are awarded in up to three categories: Open, Senior, or Women. Some tournaments, such as the Women’s Championship, will only award one category. The Match Play and Professional Championship will award in up to two: Open and Women’s. Many will award all three.

A person will acquire points in all categories for which he/she is eligible. So in the Pro-Scratch, a senior female who plays in the Regular Division will acquire points in all three categories. A male senior would acquire points in only the Senior category if he played in the Senior Division. If he played in the Regular Division, he will receive points in the Open and Senior categories, even if the Senior Division played from a different set of tees.

The following pages give the points that will be awarded for the 2020 POY season, which will begin with the 2020 MAPGA Match Play event and end with the 2020 MAPGA Players Cup.

2020 Match Play POY Points
