TOURNAMENT REGULATIONS

Revision Date: January 1, 2022

TOURNAMENT POLICIES

Revision Date: January 1, 2022

APPENDICES

Revision Date: January 23, 2006

PRINCIPLE CHANGES

(Please see appropriate article/section for complete information)

Changes to Policies since March 9, 2020 Revision Date

Tournament Player's Program - \$75

Caddie Rule: Spectators and caddies may now ride in carts

Walking: Players are now allowed to walk, per the stay in the Pace of Play policy

POY Payouts: Limited the payouts to Top 5 Open, Top 3 Seniors, Top 1 Women's

Top 21 Rule: Shrunk the previous Top 42 rule to 21. Those players in the Top 10 of Open POY, Top 5 of Senior POY, Top 5 of APA POY, and Top 1 of Women's POY can't play in team events.

Changes to Policies since February 1, 2019 Revision Date

Players Pool: Players Pool has been changed from \$50 to \$100.

Changes to Regulations since March 15, 2018 Revision Date

Transportation Policy: ONLY players may ride in a golf cart. Each group will be given as many golf cars as are required to accommodate the number of players in the group. Additional golf cars will only be permitted at the discretion of the host facility but are discouraged by the MAPGA.

Changes to Regulations since November 29, 2017 Revision Date

If a player from another Section comes into our Section, that player's ranking on the previous Section's player of the year list will be used with our Top 42 Rule. So if the player was in the Top 20 of previous Section's Regular list then that player would not be permitted to pair up with one of the MAPGA's Top 42 players. This would also mean the Top 42 list would expand to 43 or more depending on how many new players come into the Section.

Changes to Regulations since February 18, 2015 Revision Date

The fee to host an official event not run by the Section staff was eliminated. The eligibility for the Players Cup reverted back to those who are exempt, plus anyone who has one or more points on the Open, Senior, Womens, Senior Association, and/or APA POY list.

Changes to Policies since February 18, 2015 Revision Date

The Player of the Year (POY) competition was changed and among other things modified to try to keep the Open and Senior categories completely separate. Points for playing in "Pro-Ams" were eliminated and only those who "finish" an event will win points.

- b. The MAPGA Tournament Committee may submit written proposed amendments from Members at the MAPGA Board of Directors meetings. Such proposals must be received by the Tournament Committee ten days prior to the Board meeting. Proposed amendments may be amended by a simple majority vote of the MAPGA Board of Directors. - c. An MAPGA Member may submit a written amendment to the MAPGA Tournament Regulations to the Secretary/New Business Chair at any Section Membership Meeting (annual or otherwise) in accordance with the new business procedures of the meeting. Proposed amendments may be amended by a two-thirds majority vote of the voting membership in attendance. The proposed amendments shall contain an effective date.

Section 3. Authority

The MAPGA Tournament Committee, acting on behalf of the MAPGA Section Board of Directors, shall have the authority to enforce the Tournament Regulations in all official, sponsored, co-sponsored and/or sanctioned events in the Middle Atlantic Section. In exceptional cases the tournament committee may deviate from the Regulations and/or Policies.

ARTICLE II

Section 2. PGA Member or PGA Associate in Good Standing

Any PGA Member or PGA Associate who has fulfilled all of his/her financial, educational and membership obligations to both The PGA of America and the Middle Atlantic Section. With regard to these Regulations and Procedures, the term "Member" shall mean PGA Member, and the term "Associate" shall mean PGA Associate. The term "PGA Professional" shall mean PGA Member or PGA Associate.

Section 3. Official Tournament Season

March 15 through November 15, inclusive.

Section 4. Official Tournament

An official tournament is any event held within the geographic boundaries of the Middle Atlantic PGA during the official tournament season in which ten or more MAPGA members and/or Associates

- are required to pay an entry fee to participate and/or
- compete for a professional purse and/or
- compete for any portion of a team purse and/or
- receive an appearance fee for participating in the event

Exception: A "pick-up game," defined as 16 or fewer MAPGA Professionals (Members and/or Associates) in good standing (no participating amateurs or non-PGA professionals) playing for entry fees only will not be considered an official tournament. They shall not solicit nor play for added money.

Membership classification is not a determining factor in the total number of participants. All facilities hosting an official tournament must employ a PGA Member or PGA Associate. An official tournament is subject to any tournament fees as listed in Article III, Section 1 of the Tournament Regulations.

Section 5. Tournament Categories

a. Sponsored

Only MAPGA Professionals in good standing shall be eligible to compete in MAPGA sponsored events.

b. Co-Sponsored

Only MAPGA Professionals, in good standing, shall be eligible to compete in MAPGA co-sponsored events.

c. Sanctioned

Section 7. Senior

A Senior is anyone age 50 or older. Unless otherwise specified, age will be as of the first day of the event itself, not any qualifier, or deadline, if any.

ARTICLE III TOURNAMENT FEES

Section 1. Administrative Fees

The following Administrative Fees will be charged to all official, sponsored, co-sponsored and sanctioned events conducted within the official tournament season:

- a. Section Tournaments: Administration fees will be per player per day as follows: \$25, \$17, \$12 (Day 1, 2, 3). In addition approximately \$3 will be donated to the host facility's junior golf program.

Operations with multiple courses (e.g. management companies, county or regional operators) are not the same facility. Additional service options are available for separate fees.
- d. Pro-Invitational Events: \$0 Sanction Fee for first day. Each additional day is \$0. Each additional event at same facility is \$0. Operations with multiple courses (e.g. management companies, county or regional operators) are not the same facility. Additional service options are available for separate fees.
- e. Pro-Member Events: \$0 Sanction Fee for first day. Each additional day is \$0. Each additional event at same facility is \$0. Operations with multiple courses (e.g. management companies, county or regional operators) are not the same facility. Additional service options are available for separate fees.

All official tournaments are subject to a minimum Sanction Fee of \$0.

Unless otherwise determined by the Tournament Committee, recognized Associations' Pro-Amateur events, (e.g., MSGA, VSGA and regional golf course superintendent associations), Tour Qualifiers, and special events will normally be exempt from administrative fees.

ARTICLE IV

TOURNAMENT ELIGIBILITY

Section 1. Eligibility and Order of Precedence

A. Eligibility: All MAPGA Members and Associates, all in good standing, are eligible to participate in MAPGA tournaments provided they meet the eligibility criteria (e.g. must have playing privileges, must be a particular class) for the specific event. Members classified as Inactive may compete in only Pro-Amateur (but not MAPGA Pro-Amateur events as described in Regulation Article V, Section 2), Pro-Invitational, Pro-Member events, and “Open” qualifiers. **Except as outlined in Policy Article IV, Section 6, only PGA Professionals can compete in MAPGA events (including Pro-Am, Pro-Invite, Pro-Member, etc. events). A list of eligible MAPGA Professionals is posted on mapga.com under *Tournaments/Tournaments Resources*.**

Six Tournament Rule: Any PGA Member or Associate that has played in more than ten events from any recognized tour, or a combination of more than ten from any of the recognized tours, during the previous rolling year (i.e. 365 days) is not eligible for Section and Chapter tournaments but may play in other official events if permitted by the host MAPGA Professional. The current list of recognized tours is: available from The PGA or the Section office. The ten- tournament limit does not include the PGA Championship, Senior PGA Championship, U. S. Open U.S. Women’s Open, or U. S. Senior Open.

B. Order of Precedence: The following classifications, in descending priority, are the order of precedence for tournament entry.

- a. Class A-5
- b. Master Professionals
- c. All Active Members based on date of election to Membership
- d. All Life Members based on date of election to Membership
- e. All Retired Members based on date of election to Membership
- f. Associates with MAPGA Playing Privileges based on most recent start date in the Associate program.
- g. Associates without MAPGA Playing Privileges based on most recent start date into the Associate program.

Any ties between Members’ date of election or Associates’ most recent start date will be broken by lot. In all team competitions, the "order of precedence" shall be determined by the combined date of election to membership and/or most recent start date. However, a team containing a Member and an Associate (even a B-1, B-4 or B13) cannot “bump” from an event a team containing two Members regardless of the combined total. Nor can a team that contains only Associates “bump” from an event a team that contains one Member and one or more Associates, regardless of the combined total.

MAPGA Professionals employed by the facility hosting an MAPGA sponsored, co-sponsored or sanctioned events are exempt from the order of precedence and starting time assignments, provided they meet all other tournament eligibility criteria.

Section 2. Playing Privileges for Associates

Associates may qualify for MAPGA playing privileges by passing the MAPGA Section Playing Privileges Written Examination with a score of 80 or higher. The exam will be open book, with a one-hour time limit. In order for Associates to be eligible to take the MAPGA Section Playing Privileges Written Examination for the first time, they must attend a Section Orientation in the MAPGA Section office. The test will be administered then. After attending this orientation, any Associate who does not pass the examination may come back at any time to re-take the examination. If the test is failed a second time, the Associate must wait 30 days to retake the exam.

Any Associate failing to attend an orientation within one-year of his/her Associate registration date will not be allowed to obtain playing privileges until: 1) one year after attending an Associate Orientation provided that the Associate also passes the written examination at some point, or 2) election to Membership.

Section 3. Women's Tee Policy for PGA Tour Qualifier Events

The PGA Board moved, seconded and adopted a policy for all Sections to grant women PGA Members the option to play from either the championship tees played by male participants or the women's course length that is required in all Section events for women participants in events that result in qualifying for PGA TOUR events; provided that in the event a woman plays from the women's course length, then the woman would not be eligible to qualify for participation in PGA TOUR events. Women electing to play from the championship tees played by male participants would be eligible to qualify for the applicable PGA TOUR events.

Example: In the event a woman PGA Member wins the Section Championship from the women's course length, then that woman member will be declared the Section Champion but would not be eligible to compete in the applicable PGA TOUR event. The person that would be eligible to complete in the applicable PGA TOUR event would be the person who shot the lowest score from the championship tees in the same event.

Section 4. Top 21 Rule.

For Team Events, in order to promote participation, the Tournament Committee would like to limit top players from playing together. Therefore, no team may consist of two players from the Top 10 Regular, Top 5 Senior, Top 1 Women's, and Top 5 APA Player of the year points lists. The effective date for the lists will be determined based on the time of year that the tournament is held. If a player from another Section transfers into the MAPGA, that players ranking from the previous Section's Player of the Year List will be used with the MAPGA Top 5 Rules. For example, if a player was in the Top 10 of their previous Sections Player of the Year List, that player would not be permitted to pair with a player who is on the current MAPGA Top 21 List. This list will be updated on July 31st for the remaining events for the season.

ARTICLE V

TOURNAMENTS

Section 1. MAPGA Section Tournaments

The following Section Tournaments may be conducted annually. The sites and dates will be determined and approved by the MAPGA Tournament Committee.

a. MAPGA Professional Championship (Section Championship)

Format: Up to fifty-four holes, at Stroke Play with a cut after 36 holes to the low 40% and ties of the number of participants that teed-off in the first round.

Eligibility: MAPGA Members (except A-3 and Inactive), in good standing as of the entry deadline and tournament date.

b. MAPGA Section Players Cup

Format: Up to thirty-six holes, at Stroke Play.

Eligibility: MAPGA Members (except A-3 and Inactive) and Associates with playing privileges and in good standing as of the entry deadline and tournament date.

c. MAPGA Head Professional Championship

Format: Up to thirty-six holes, at Stroke Play.

Eligibility: MAPGA A-1, A-2, A-4, A-5, A-7, A-9, A-13 Members in good standing, as of the entry deadline and tournament date.

d. MAPGA Match Play Championship

Regular Division

Format: Qualifying Round - Eighteen holes, at Stroke Play.
Match Play Draw - Minimum of sixteen / Maximum of sixty-four (Defending Champion will be seeded number one, unless he/she participates in the qualifier for any reason (even just for practice), in which case he/she will be seeded according to his/her qualifying score).

Eligibility: MAPGA Members (except A-3 and Inactive) and Associates with playing privileges. All must be in good standing as of the entry deadline and date of each round/match.

d.a MAPGA Senior Match Play Championship

Format:

- No Qualifying round
- All participants placed into bracket. Brackets determined by number of entries.
- Seeding determined by the following: Match Play Draw - The #1 seed will be the Defending Champion. The following criteria will be used to determine the #2 to the final seed. The #2 seed will be the registrant, regardless of gender, who has the highest relative finish on either the MAPGA Senior or Open Player of the Year points list from the previous year. The #3 seed will be the registrant, regardless of gender, with the second highest relative finish from either list from the previous year. This procedure will be followed until all registrants with points from either list have been assigned a seed. As an example of applying this procedure, a registrant who finished 15th on the Senior list will receive a higher seed (lower number) than a registrant who finished 16th or below on the Open list. After the merging of the Senior and the Open Player of the Year points lists, any female registrant(s) with points from only the previous year's MAPGA Women's Player of the Year points list will be seeded next based on points received from that list with the

higher seed (lower number) going to the female with the most points. In the event of a tie in the relative finish between two or more registrants from the same list, the seedings for those registrants will be determined by lot. In the event of a tie in the relative finish between one or more registrants from the Open list and one or more registrants from the Senior list, the Open list registrant(s) will receive the higher seed(s) (lower number(s)). In the event a registrant is on both the Open list and the Senior list, the seeding will be based on the highest relative finish from either list. After the female registrants with points have been seeded, the next group of registrants to be seeded will be the registrants with no MAPGA Open or Women points from the previous year who turned fifty after the final Senior Player of the Year event from the previous year. This combined group will be seeded by lot. The final seedings will go to any registrant(s) with no MAPGA Open, Senior, or Women points who was already 50 or older before the final MAPGA Senior Player of the Year event from the previous year. This combined group will be seeded by lot. (This would result in any “new” senior who did not earn any POY points from any list, being placed in front of any “old” senior who did not earn any POY points from any list, regardless of gender. It would also mean any “new” or “old” senior who transfers into the Section would have his/her seeding based only on MAPGA Player of the Year points or lack thereof. This would mean that a good player who transfers in, will receive a low seed (higher number).)

Eligibility: MAPGA Members (except A-3 and Inactive) and Associates with playing privileges. All players must be at least 50 years of age on the entry deadline. All must be in good standing as of the entry deadline and date of each round/match.

e. MAPGA Senior Championship

Format: Up to thirty-six holes, at Stroke Play.

Eligibility: MAPGA Members (except A-3 and Inactive) in good standing as of the entry deadline and tournament date, who have reached the age of 50 as of the tournament date. A qualifier for the Senior Professional National Championship will be held concurrently with this event.

f. MAPGA Quarter Century Championship

Format: Up to thirty-six holes at Stroke Play. (May be played in conjunction with the MAPGA Senior Championship).

p. MAPGA Facility Championship

Eligibility: MAPGA Members (except A-3 and Inactive) and Associates with playing privileges. Both team members must come from the same facility. All agreements and/or contracts entered into with regard to such events shall be kept on file in the Section office.

Any fringe benefits and/or other considerations realized as a result of such events shall be used and/or awarded at the sole discretion of the Board of Directors, except that those monies considered profit from such event, shall be divided in half and contributed equally to the General Fund and to the Tournament Fund.

The Chair of such an event, who shall be appointed annually by the President, along with his/her committee, shall investigate the possibility of conducting such events at various sites, and may assist in the conduct of such events; however, at no time shall said Chair of the committee have any authority to enter into an agreement or contract, or obligate the MAPGA in any manner, without approval of the Board of Directors.

ARTICLE II

TOURNAMENT SCHEDULE

Section 1. Scheduling Priority

Scheduling of tournaments will be based on the following rules:

1. No official tournament (e.g. Pro-Am/Invitational/Member), APA tournament, nor Senior Association tournament, may be scheduled in opposition to:
 - a. Section meetings (including the day before and the day after, unless the official tournament is a Section tournament)
 - b. Section tournaments (which include the MAPGA Pro-President, Pro-Scratch, Pro-Am, etc.)
 - c. Chapter meetings (unless the official tournament is a Chapter tournament after the meeting or located in a different Chapter)
 - d. Chapter tournaments (unless the official tournament is located in a different Chapter)
 - e. Play Golf America Day(s) when limited to one specific day at one specific facility.

Exception: If any of the above listed tournaments have limited eligibility, for example it allows Seniors or Females only, then it is acceptable to have another official tournament in opposition to it so long as that official tournament excludes those that are eligible for the above listed tournaments.

2. Seminars, including educational seminars, may be scheduled in opposition to Section or Chapter tournaments or meetings provided no official tournament is included with, or associated with, the seminar.
3. Neither Section nor Chapter tournaments will be scheduled in opposition to Open, Member, PGA, etc. qualifiers (PGA Tour, State Open of Virginia). However, other official tournaments (e.g. Pro-Am/Invitational/Member) may be scheduled in opposition to these qualifiers.
4. The MAPGA will work with allied associations (e.g. VSGA, MSGA, MAGA) to avoid conflicts, but occasionally conflicts are inevitable.
5. Tournaments will be scheduled according to the following priorities:
 - a. Open Tour qualifiers
 - b. Section Tournaments
 - c. Chapter Tournaments
 - d. Member Tour qualifiers
 - e. PGA Qualifier for the State Open of Virginia.
 - f. APA, Senior Association, Pro-Ams/Invitationals/Members, Allied Associations, other official tournaments.
6. If an event is scheduled with the Section by March 1st of any given year, and provided no event with a higher priority is scheduled for the same day(s) by March 1st of that given year, the event will not be bumped

See Policy VII Recognized Association's Sanctioned Events for other information on scheduling priorities.

Section 2. MAPGA Official Tournament Request Form

The MAPGA Official Tournament Request Form will be distributed to the Section in early January of each calendar year. Those professionals requesting to host a pro-amateur, pro-invitational, pro-member, or other official tournament shall complete the MAPGA Official Tournament Request form in its entirety and submit it to the MAPGA Tournament Office. There is no longer a fee to host one of these events.

Upon approval of the signed tournament request form, the MAPGA Tournament Director will place the event on the MAPGA Tournament Schedule, providing it does not conflict with any Section event, any Chapter event within the same Chapter, or any stipulations in this Article or Article VIII of these Policies.

ARTICLE III

SPONSORED OR CO-SPONSORED

SECTION TOURNAMENTS

Section 1. Tournament Entry Fees

- Entry fee for 18-Hole Events are a minimum of \$110 per player
- Entry fee for 27-Hole events are a minimum of \$165 per player
- Entry fee for 36-Hole Events are a minimum of \$220 per player

In addition, most stroke play events will have an optional \$100 Players Pool and a \$10 per person per day Skins game. Events that have included food will have \$15 added to the entry fee to cover the included food.

Section 2. Official Entry and Deadline

All official tournament entries must be done online. Participants unable to enter online, may appeal to the Tournament Committee for an alternate method of entry. Unless otherwise noted, the deadline for entry is 12:00 Noon the Wednesday before the scheduled start of the event. (Section PC, Pro-Scratch, Pro-Net, and Pro-President deadlines will be sooner, so enter early.)

No matter the entry process, all entrants agree to abide by all MAPGA Section Tournament Regulations and Policies and any applicable rules of the host facility.

Section 3. Tournament Refund/Cancellation Policy

If a PGA Professional wishes to withdraw from a tournament in which he/she has entered, the following entry fee refund policy shall be in effect:

- Withdrawal prior to original entry deadline - Full Refund LESS A \$5 TRANSACTION FEE
- Withdrawal after the original entry deadline - Forfeit the entire entry fee
- No show the day of the event - Forfeit the entire entry fee and MAY be fined up to \$100 AND be subject to a possible suspension of playing privileges

Any appeals to this policy must be made in writing to the Tournament Committee no later than one week after the completion of the tournament. If an event is canceled due to weather or some other reason, players will be refunded the entry fee, less a \$5 transaction fee.

Section 4. Official Groupings and Starting Times

The Tournament Director is responsible for determining the groupings and starting times for all Section and Chapter Championships. The pairings and starting times published on the official pairings sheet shall not be final until approved by the MAPGA Tournament Director, or his/her representative. It is the responsibility of the participant to obtain his/her starting times.

Section 5. Discontinuance of Play

A competitor shall not discontinue play because of inclement weather, unless he/she considers there is danger from lightning, or some other reason, such as sudden illness or injury, which the Tournament Director or his/her designated representative considers justifiable. In the event that conditions warrant delay of play or the course is determined unfit for play, the Tournament Director or his/her designated representative may authorize suspension of play by the sounding of a horn or siren, in accordance with USGA Rules of Golf, Appendix I.

As a guideline, for a one day tournament to be considered complete, at least 80% of the field must complete play on the scheduled day of the tournament. For tournaments of two or more days to be considered complete, all competitors must complete at least one stipulated round.

Players failing to complete play should await further instructions from the competition committee, or they may withdraw from the tournament, without refund.

Section 6. PGA Professional Prize Breakdown

a. PGA Professional Purse

In all Section and Chapter Events, MAPGA Professional prizes shall be distributed to 40% of the field using the MAPGA Prize List Percentage Tables. If an MAPGA Professional withdraws, no cards, or is disqualified from an event after the cut, he/she will be given last place money. If an MAPGA Professional withdraws, no cards, or is disqualified from an event during a later round and that (and any subsequent) rounds are canceled, he/she will be awarded prize money based on his/her standing before withdrawing, no carding, or being disqualified.

b. Senior/Women's PGA Professional Purse

Certain MAPGA Section or Chapter events may have a separate senior and/or women's and/or senior women's division. There must be a minimum of five seniors, or five women, or five senior women participating in the event in order to have a separate senior or women's or senior women's professional purse. The purse will be equal to the percentage of the senior or women or senior women professionals in the field and will be distributed to 40% of the respective field using the MAPGA Prize List Percentage Tables. For Section events, seniors will be able to play in either the Regular Division or the Senior Division, but not both. In Chapter events the senior must play in either the Regular Division or the Senior Division, unless otherwise specified by the Chapter, and the player may only win prize money in the chosen division. (NOTE: There will be no senior or women's purse in the Section Championship or the Assistants Championship).

c. Players Pool

In designated events, MAPGA Professionals may compete for an optional Players Pool. Entry into any Players Pool is normally \$100. The Players Pool is open to all MAPGA Professionals provided he/she registers by the applicable deadline and its purse shall be distributed to 30% of the field in the Players Pool using the MAPGA Prize List Percentage Tables.

d. Skins Games

In designated events, MAPGA Professionals may compete for an optional Skins Game. Entry into any Skins Game is normally \$10 per person. The Players Pool is open to all MAPGA Professionals provided he/she registers by the applicable deadline. Any skins games run by the Section will be paid out with the regular prize checks and included with any player's end of the year tax forms. In order to be eligible for a skin, a player must return a completed score card for the stipulated round. Anyone who withdraws, no cards, or is disqualified from a round cannot be eligible for the skins competition. In the event that no skin is won, the hole that had the least ties will share the skins pool. If multiple holes have the same number of ties, for mixed events, the hole with the lowest (#1 as opposed to #18) men's handicap allocation will be awarded the skins pool to share. For same gender skins games, the corresponding gender's handicap allocation will be used. If an event/course has multiple #1 handicap holes that have ties, one hole will be selected by lot to share the skins pool.

Section 7. Purse Disbursement

All MAPGA Professional prizes shall be disbursed from the MAPGA Tournament Office within ten days upon completion of Section and Chapter events. Any MAPGA Professional making the cut in any event will be awarded last place money even if he/she does not complete in the remainder of the event, unless the player was disqualified due to a penalty from a round before the cut.

Section 8. Manufacturers' Representatives

Unless approved by the Tournament Director, all manufacturers, with the exception of a title sponsor of an event, shall not solicit nor distribute materials anywhere on the golf course during an MAPGA sponsored or co-sponsored event. In cooperation with the manufacturers' representatives, the Tournament Director shall designate a specific area that is accessible to all concerned without interruption of the tournament.

Section 9. Wait List

After the deadline a waiting list will be maintained that will be used in the case of uneven groups, or after any uneven groups, if any, have been made even, to allow up to two groups to be added to the field, provided the host course can accommodate the extra players. Until 12:00 pm, one business day prior to the event, (normally the Friday before the event) players/teams on the waitlist will be automatically added to the event when there is an opening in the field and will be charged the entry fee. Although the Section will try to communicate with the affected players, **it is up to the player/team to realize he/she/it has moved from the waiting list to the “active” field (e.g. by looking at the current pairings on the web page for the event).**

After 12:00 pm, one business day before the event, and up until the final starting time for the first round, any player/team may continue to register for the waiting list and any player/team on the waiting list will be allowed to show up onsite and fill in for any no show(s). In such cases the player/team with the highest position on the waiting list will have first priority to participate. There will be no additional charges to those coming off the waiting list even if adding the day of the event, other than the standard entry fee. Anyone coming off the wait list will be eligible for any optional competitions such as skins games or players pools. Moving a player from the wait list does not alter the withdrawal refund policy with regard to the player who withdrew or did not show. In the case of a tournament with multiple divisions (e.g. Regular and Senior), there will be, in effect, a waitlist for each division.

For example, in an individual event in which groupings are in threes, if at the time of the deadline there are 31 registrants for the Regular Division, then the first two people to register for the waiting list for the Regular Division will automatically be added to the event and will be charged the entry fee. If seven more players register for the Regular Division waitlist by 12:00 pm one business day before the event, the first six will be automatically added to the event. The seventh player, and any additional players that register for the waiting list for the Regular Division by 12:00 pm one business before the event, will be added to the field only if someone from the “active” field of the Regular Division withdraws by 12:00 pm, one business day before the event. There is no refund for any “active” field player/team who withdraws, even if the spot is later filled. Such entry fee(s) will go to the purse. After 12:00 pm, one business day before the event, competitors may still register for the waiting list for any division, but the only way to get into the event at that point would be to show up on site the day of the event and wait with any other players on the waiting list to determine if there are any available slots. Any available spots the day of will be filled according to the order in which players registered for the waitlist but if a spot opens in the Regular Division, it must be filled by someone from the Regular Division wait list.

The wait list will apply for only Section and Chapter events for which the MAPGA sets and/or administers the deadline and/or collects entries. For example, the waiting list would not be available for the Professional Championship, Senior Professional Championship, National Assistant's Championship, State Open of Virginia, Senior Open of Virginia, Maryland State Open, and Maryland State Senior Open. The wait list will not apply to the Senior Match Play.

The host MAPGA Professional for any event will be held responsible for the validity of the handicaps of all amateurs entered by the host club.

If the PGA Professional brings fewer amateurs then required by the host MAPGA Professional, the PGA Professional shall be liable for any entry fees associated with the missing amateur(s).

c. Tournament Director Responsibility

The MAPGA Tournament Director, or his/her designated representative, is authorized to review club handicapping records and handicap procedures as deemed appropriate. USGA procedures for handicaps and handicap committees shall be followed.

As a guideline, for a one day tournament to be considered complete, at least 80% of the field must complete play on the scheduled day of the tournament. The Team Net division shall receive a minimum of 55% of the available funds and the Team Gross division shall receive the balance of the available funds. In the Team Net competition, prizes

will be awarded to a minimum of 20% of the field. In the Team Gross competition, prizes shall be awarded to as many places as available funds will allow. Prizes in each of the Team Gross and Team Net Competitions should be approximately the same i.e. team first gross should be approximately the same as team first net. In the case where first net is equal to first gross, the host MAPGA Professional should specify before the competition begins, which prize shall take precedence.

e. Individual Competition Purse

RECOGNIZED ASSOCIATION'S SANCTIONED EVENTS

Section 1. Senior Association

Senior Association tournaments may be held on any day of the week provided they do not conflict with a MAPGA Section or Chapter meeting or tournament as specified in Policy Article II, Section 1. No Senior Association event shall be held opposite any state golf association (e.g. MSGA, WMGA) tournament that allows senior MAPGA Professionals to participate.

Section 2. Assistant Professional Association

Assistant Professional Association (APA) events may be held on any day of the week provided they do not conflict with a MAPGA Section or Chapter meeting or tournament as specified in Policy Article II, Section 1. The APA tournament schedule shall be submitted to the Section Tournament Committee for final approval. No APA event shall be held in opposition any state golf association (e.g. MSGA, WMGA) tournament that allows MAPGA A-6s, A-8s, or any Associate to participate.

Section 3. Allied Golf Associations

a. Championship Events

The Championships of the Maryland State Golf Association (MSGA), the Virginia State Golf Association (VSGA), the Middle Atlantic Golf Association (MAGA), the Washington Metropolitan Golf Association (WMGA) and other allied golf associations that allow professional participation will not have any MAPGA Section or Chapter tournament scheduled in opposition them, if at all possible. No Senior Association nor APA tournaments will be scheduled in opposition them. MAPGA Pro-Ams/Invitationals/Members will be allowed to be held in opposition them, but are not encouraged.

b. Pro-Amateur Events

- PGA Professional National Championship
- PGA Senior Professional National Championship
- PGA Assistant Professional Championship

ARTICLE VIII

COMPETITION

Section 1. Rules of Play

All tournaments conducted by the MAPGA shall be played under the Rules of Golf as approved by the United States Golf Association. In addition, the following policies and procedures will be enforced in all MAPGA sponsored and co-sponsored events:

- a. In an effort to protect the integrity and promote the true intention of the game of golf, every attempt will be made to "play the ball as it lies" in all Section/Chapter sponsored and co-sponsored events regardless of the differing conditions that may exist throughout the Section.
- b. A PGA Professional competitor who is disqualified, does not turn in a completed individual score card and/or withdraws from an event may remain in the team competition in a Pro-Amateur event.
- c. All competitors who have been disqualified or withdraw from an individual competition shall sign the score card for the fellow competitor which they have been a marker and remove themselves from the competition course, unless the on-site competition committee deems it necessary for him/her to continue serving as a marker.

Section 2. Starting Times

In all MAPGA sponsored, co-sponsored and sanctioned events, it is the responsibility of the participant to obtain his/her starting time.

Section 3. MAPGA Pace of Play Policy Revised January 2019

The Rules of Golf require that a player shall at all times play without undue delay. The following pace of play policy will be enforced at all MAPGA Section/Chapter events.

a. Subject to Being Timed (SBT)

The first group to start will *be subject to being time (SBT)* if, at any time during the round, they exceed the time allotted to play, as detailed on the applicable course's pace of play time chart. Any subsequent group, or in the case of a shotgun start, any group, will be *SBT* if, at any time during the round, they (a.) exceed the allotted time to play **AND** (b.) are *out of position*.

Out of Position:

A group is out of position if: it has not played a stroke from any teeing ground of a par three before all players in the preceding group have played a stroke from the next teeing ground(s); it has not played a stroke from any teeing ground of a par four before the preceding group has finished the hole and replaced the flagstick; it has not played a stroke from any teeing ground of a par five before any player in the preceding group has executed a putt (i.e. a stroke from the green) on that par five.

NOTE: It is the player's responsibility to know if his/her group is *SBT*. Players are encouraged to ask officials if their group is *SBT* whenever a player is unsure of his/her group's status. A group's status is always in relation to the group in front of it. The location or time of any group behind the group in question is irrelevant.

b. Monitoring Group

When a group is *SBT*, a rules official will place a red flag on the tee, to notify the group that they are *SBT*. **The group will remain *SBT* until it is under the allotted time par, is no longer out of position, or is informed by a rules official that it is no longer *SBT*. The group is expected to play at a pace that will either regain its position OR, bring the group under the allotted time to play. In stroke play only, players are encouraged to play ready golf.** A rules official will monitor and time the players individually as set forth below. Once timing has started, a rules official will stay with that group until the group is no longer *SBT*, or as long as practical. If a bad time is incurred by any individual player in the group, the official will inform that competitor as soon as practical after the bad time

c. Timing

The timing of a player's stroke will begin when it is his/her turn to play and he/she can play without interference or distraction. A player is allocated a maximum of 45 seconds per stroke. Any time spent determining yardages, line of play or putt, or club selection, etc. **will** count as time taken for the next stroke.

On the putting green, timing will begin after a player has been allowed a reasonable amount of time to mark, lift, clean and replace the ball, repair damage to the green on the line of putt, and remove loose impediments on the line of putt. This does not mean that timing will begin after a player has done all these things, but that it will begin once a reasonable amount of time has passed to accomplish these things.

NOTE: An extra 5 seconds will be allowed for: (a.) the first player to play a stroke on a hole, or to play from a different teeing ground (b.) the first player to play a second stroke on a par-4 or par-5, (c.) the first player to play a third stroke on a par-5 hole (provided it is not played from on or around the putting green), and (d.) the first player to play on or around the putting green.

d. Penalties

First Bad Time – Verbal warning.

Second Bad Time – One stroke penalty.

Third Bad Time – Two stroke penalty (total of three strokes) or loss of hole.

Fourth Bad Time – Disqualification.

Note 1: Bad times and any penalties will apply to the team in Foursome and Scramble type events, but to the individual in Four-Ball type events.

Note 2: Bad time(s) will remain with the team or player for the remainder of the stipulated round.

Note 3: A Player is not exempt from penalty under Rule 5.6b simply because he/she takes less than the allotted time to complete a stroke, hole or round.

e. Administration

The administration of the Middle Atlantic PGA Pace of Play Policy shall be handled by the on-site Competition Committee. Any appeal of a penalty must be referred to the on-site Competition Committee before the competitor leaves the scoring area and the decision of the Competition Committee will be final.

The Rules of Golf require that a player shall at all times play without undue delay. The following pace of play policy will be enforced at all MAPGA Section/Chapter events.

Section 4. Separate Tees/Same Purse Policy

In MAPGA sponsored, co-sponsored, and sanctioned events that do not have a separate Senior Division, there will be up to four sets of tees established: one for the men age 49 and under; one for the women age 49 and under set to approximately 80-84% of the men age 49 and under yardage; one for the men age 50 and over set to approximately 93% of the men age 49 and under yardage; and one for the women age 50 and over set to approximately 85% of the yardage for the men age 50 and over. Because of a course's particular construction with regard to where teeing grounds can be established most events will most likely result in some holes playing longer, and some shorter, than the previously mentioned percentages depending on a particular hole or course. However, every effort will be made to have each hole play the same for the average player regardless of gender or age. In addition while some holes will play longer or shorter than the previously mentioned percentages, every effort will be made for the overall course length to meet the previously mentioned percentages. The Section official or host MAPGA Professional shall exercise his/her best judgment while continuing to use these percentages as a guideline. Under this policy the lowest score, regardless of gender or age, shall win first place money.

In MAPGA sponsored, co-sponsored and sanctioned events that do have a separate Senior Division (normally an option to those age 50 and over) there will be up to four sets of tees established: one for the men in the Regular Division; one for the women in the Regular Division set to approximately 80-84% of the men in the Regular Division yardages; one for the men in the Senior Division set to approximately 93% of the men in the Regular Division yardage; and one for the women in the Senior Division set to approximately 85% of the yardage for the men in the Senior Division. Because of a course's particular construction with regard to where teeing grounds can be established most events will most likely result in some holes playing longer, and some shorter, than the previously mentioned percentages depending on a particular hole or course. However, every effort will be made to have each hole play same for the average man in the Regular Division and the average woman in the Regular Division, and that each hole plays the same for the average man in the Senior Division and the average woman in the Senior Division. In addition while some holes will play longer or shorter than the previously mentioned percentages, every effort will be made for the overall course length to meet the previously mentioned percentages. The Section official or host MAPGA Professional shall exercise his/her best judgment while continuing to use these percentages as a guideline. In events that have a separate Senior Division, the percentage(s) that the participants in the Senior Division play relative to those in the Regular Division is not critical as it is a separate competition. Under this policy the lowest score in a division, regardless of gender, shall win first place money for that division.

Exceptions: Unless otherwise indicated, the Professional Championship, the Section Assistant Championship, the Section Match Play Championship, the Chapter Assistant Championships, the Senior Professional Championship (Sr PNC Qualifier), Senior Championship, and Quarter Century Championship will only have two sets of tees: one for men and one for women set at approximately 80-84% of the men's yardage.

In scramble and alternate shot formats the same principles will apply, but the percentages will be higher.

What follows is a list of events, their purse(s), and the number of tees that will be used, unless otherwise indicated.

MAPGA Scramble – one purse; four sets of tees

MAPGA Match Play – one purse; two sets of tees (one for men, one for women)

Section 5. Electronic Devices

Any electronic device, such as a smart phone, may be used, provided any noise producing characteristics are disabled. The device may be used not only as a Distance Measuring Device (DMD), but also to communicate (e.g. text, e-mail), provided nothing is done to violate Rule 4-3 Artificial Devices and Unusual Equipment; Abnormal Use of Equipment. Verbal communication, such as phone calls or dictation, should only occur in extreme instances (family medical issue, work emergency such as might relate to a crime, etc.). Calling work or home just to “check in” or check your lesson schedule, etc. is not permitted.

The first violation of this policy during a stipulated round or playoff will result in the MAPGA Professional being warned. A second violation in the same stipulated round or playoff will lead to a fine of \$100. A third violation in the same stipulated round or playoff will result in the MAPGA Professional being disqualified from all competitions in the round or, in the case of a playoff, disqualified from the playoff. For the purposes of this regulation any violation during a stipulated round will carry over into a playoff. The Tournament Committee may take other action as outlined under Article VI of the Tournament Regulations for a second or third violation at a single event or multiple violations at separate events.

Amateurs must also follow this policy and will be warned for a first and second violation, but will be disqualified for a third violation from all competitions in the round or, in the case of a playoff, disqualified from the playoff.

Notwithstanding the regulations in this policy, players should use common sense and common courtesy when operating an electronic device such as a smart phone and follow any regulations of the host facility regarding such use. In the case of an emergency (medical, physical violence, property damage, etc.) any player may use a cell phone or other similar device to contact the appropriate authority(s) regardless of the host facility’s regulations.

If a player, professional or otherwise, uses an electronic device in violation of the Rules of Golf (e.g. in violation of any Rule regarding distance measuring devices, or advice), the player(s) involved will be penalized according to the Rules of Golf, which may include disqualification. See Decision 14-3/16 (2016), among others, for examples of acceptable and unacceptable uses of electronic devices.

Section 6. Distance Measuring Devices

In most MAPGA Section and Chapter events, including the MAPGA Pro-Am, and Pro-President, a player may obtain distance information by using a device that measures distance only. The Notice to Competitors or Hard Card for each event will indicate if the devices are allowed, otherwise players should not use them. The player may borrow such a device from anyone. However, if, during a stipulated round, a player uses a distance measuring device that is designed to gauge or measure other conditions that might affect his/her play (e.g. gradient, wind speed, temperature, etc.), the player is in breach of Rule 4-3, for which the penalty is disqualification, regardless of whether any such additional functions are actually used.

Section 7. Groove and Punch Mark Specifications

The player's clubs must conform to the groove and punch mark specifications in the Rules of Golf that are effective from January 1, 2010.

Section 8. Transportation Policy

Except when otherwise required by the host facility, player's may walk or have a caddie when playing but must keep up the pace of play policy. Players are not required to ride, but are encouraged to ride to maintain the rhythm for all players in the group. Nothing in this section precludes a player from having a caddie and caddies can ride in a golf car. Each group will be given as many golf cars as are required to accommodate the number of players in the group. Additional golf cars will only be permitted at the discretion of the host facility, but are discouraged by the MAPGA.

ARTICLE IX

In addition, MAPGA Members and Associates shall be subject to disciplinary action under Article VI, Section 2 of the Tournament Regulations. Violations other than during a stipulated round will be subject to disciplinary action under Article VI, Section 2 of the Tournament Regulations and the violator may be disqualified from the event. In the case of a PGA Professional from outside the MAPGA, it is the host PGA Professional who shall be subject to disciplinary action under Article VI, Section 2 of the Tournament Regulations.

HOLE-IN-ONE BONUS POOL

Section 1. Individual Eligibility

All MAPGA Members and Associates with or without playing privileges are eligible to compete for the Hole-in-One Bonus Pool. There is an entry fee of \$25 per season.

Section 2. Tournament Eligibility

All MAPGA Section Tournaments and each of the three Chapter Championships qualify for the Hole-In-One Bonus Pool, provided the hole in one occurred during the Official Tournament Season.

Section 3. Verification of Hole-In-One

In an individual stroke play event, the MAPGA Professional making the hole-in-one must record a score for every hole in the stipulated round. In a match play competition (individual or team), all holes-in-one will be considered valid if they were made while the player (or team) had not been closed out. In team competition (stroke or match, including scrambles), all holes-in-one will be considered valid if they were made while the player had not been disqualified for that hole. Score cards of MAPGA Professionals making holes-in-one must be turned in to a member of the competition committee and forwarded to the MAPGA Tournament Director for validation. It does not matter from which set of tees the MAPGA Professional made the hole in one. The MAPGA Professional must be in the Hole in One Pool before the hole in one is made.

Section 4. Hole-In-One Prizes

The Hole-In-One Bonus Pool will be funded through the collection of entry fees from eligible participants. All eligible hole-in-ones will split the total funds of the pool for the season. If there is only one winner, he/she would receive all funds in the pool. If there is no hole-in-one during the Official Tournament Season, all funds will be carried over to the next season. Anyone wishing to be in next season's pool must pay another entry fee during the next Official Tournament Season.

Payment for any holes-in-one will be made after the completion of the Official Tournament Season, but not later than December 31st.

POY points will be awarded in only those events listed below. The Player of the Year event will end at the conclusion of the Players Cup. Any Women's POY events after the Players Cup will count for the following season's Women's POY competition. A tie for any awards for Women's POY that cannot be shared will be awarded to the player with the most points won in the Womens Championship. If still tied the points won in the Regular Division of the Players Cup will be used. If still tied, an 18 hole playoff will be held on November 16th at a course determined by the

Section 4. Distribution of Points

The points awarded to each place will be determined by the formula: $(\text{Event Multiplier} * \text{average immediate past four year field size})^{0.5} / \text{relative finish}^{0.5}$. In other words, the square root of the Event Multiplier times the average immediate past four year field size, divided by the square root of the relative finish.

Event Multipliers:

- Players Cup – 2000
- Professional Championship – 1500
- Senior Championship – 1500

Womens Championship – 1500
Match Play Championship – 1250
Senior Match Play Championship – 1250
Head Professional Championship – 1250
Assistant Professional Championship – 1250
Teaching Professional Championship – 1250
Pro-Scratch(es) – 1250
State Opens (Reg, Sr, Wm) – 1250
Chapter Championships – 1000

As an example, if the average immediate past four year field size for the Senior Championship was 30, the player finishing 5th (alone) would receive the square root of $1500 \times 30 / 5$, which equals 94.87 points.

In order to receive points the PGA Member or Associate must be in good standing during the event. Points will be awarded to all MAPGA Professionals who, in a Stroke Play event, complete all rounds with a valid score and score card(s) up to any cut (with higher points awarded to those who make the cut), or in Match Play with a Stroke Play qualifier, complete the qualifier with a valid score and score card(s), or in Match Play with no Stroke Play qualifier, advance by any means (default, bye, etc.) to the second round.

Players must be awarded points in all categories for which they are eligible. If an MAPGA Professional plays from the Regular Division tees and is 50 or older, he/she will receive POY points in the Open, Senior, and if applicable, Women's categories. However, if an event is not named in a category (e.g. the Women's Champ is not listed in the Open Category nor Senior Category, the Senior Champ is not listed in the Women's Category nor the Open Category, the Professional Champ is not listed in the Senior Category), points will only be awarded in the categories in which the event is named. Currently there is not a Senior Women's Player of the Year category, but one will be created when there are enough senior women to warrant such a category.

If a playoff is held for first place in the event (not for any remaining qualifying spots, etc.), first place POY points will be awarded to that winner and all other playoff participants will receive the same amount of POY points regardless of how they finished in the playoff. Otherwise POY points will be split amongst said tie(s).

If an MAPGA Professional becomes eligible to play in more than one Chapter Championship, or if an MAPGA Professional becomes eligible to play in multiple events that are meant to act as complimentary POY events (i.e. the events are meant to give each MAPGA Professional the same number of events from which to draw points), he/she may earn POY points in the first event in which he/she plays.

Any player making the cut in any POY points event will be awarded POY points based on finishing last of those that made the cut even if he/she does not complete the event, unless the player was disqualified due to a penalty from a round before the cut, in which case he/she would receive no POY points.

The following events will have a standardized field size:

Maryland State Open and State Open of Virginia – Field size of 130
Maryland Senior Open and Senior Open of Virginia – Field size of 100
Chapter Championship, Head Pro, Assistant, Teaching (reg category) – Field of 40
Chapter Championship, Head Pro, Assistant, Teaching (sr category) – Field of 20
Chapter Championship, Head Pro, Assistant, Teaching (wm category) – Field of 3

The area of two to three feet around the cup should be flat, but does not have to be exactly level. The cup should be placed, if possible, at least four paces from the edge of the surface especially prepared for putting, and at a greater distance if approach to the green is over a bunker or water hazard.

The tournament may be rescheduled if the schedule permits. When darkness prevents completion of play, and the competition committee has suspended play, competitors still on the course may mark their position and return their score card to a member of the competition committee.
- h. The host MAPGA Professional shall ensure that any "scorer" does not depart the tournament site before providing all tournament summary sheets and prize distribution breakdowns.
